Technology

EasyTear[®]
PATENTED TECHNOLOGY

Co-Flex[®] NL

EasyTear[®]
PATENTED TECHNOLOGY

Co-Flex NL, a Latex-Free cohesive bandage with easy hand-tear...use it to secure, protect, compress or support.

- Adheres to itself, no clips or fasteners are needed. Will not stick to hair or skin. Ideal to use where tape can be a problem.
- ECONOMICAL - Costs no more than the competition's latex product and less than their latex-free product.
- When applied properly, Co-Flex NL makes an excellent compression bandage that will not constrict.
- Excellent porosity in a lightweight comfortable bandage. Ideal for use on delicate or traumatized skin.
- Co-Flex NL tears easily by hand, no scissors needed.
- Co-Flex NL provides controlled compression with nonslip support to secure and protect primary dressings from dirt and moisture.
- Removal is quick and easy, can be cut away with scissors, or easily unwrapped.
